

**Ties To The Land
Registration Information**

- Do you have a succession plan for your land?
- Have you had a conversation with the next generation about the plan for your woodlands?
- Are you sharing your passion for the land with your children and grandchildren?

A series of workshops around the state, Ties To The Land, will focus on ways to maintain family ties to the land from generation to generation, building awareness of key challenges facing family forest ownership, and motivating families to address those challenges. This workshop is a mix of presentations and practical exercises to help families develop techniques needed to address these issues. Registrants will receive a copy of the *Ties to the Land* workbook and additional resources, which are designed to help families continue to improve their communications about the future of their woodlands.

Classes will be held in April and May 2010 in 12 locations around the state; see other side for information on dates and locations. The class is held over 2 sessions.

*** Pre-registration is **required**. Limit 30 people per location.***

Deadline for registration is 7 days prior to 1st meeting.

Mail registration to: WWOA (Ties To The Land), PO Box 285, Stevens Point, WI 54481

No registration confirmation will be sent however, you will be contacted if your selected location has filled.
